AMERICAN COMMON LAW
VS
ROMAN CIVIL LAW

Alfred Adask, the publisher of the, "**AntiShyster News Magazine**".
Adask, is the founder of one of the largest legal reform organizations,
"**Citizens for Legal Reform**"

He ran for the Texas Supreme Court in 1992 and received 201,000 votes.

Adask, was attacked by the FEDs and WON in Federal Court.

Read, Watch and Pass this incredible story and Defense in todays courts around.

PUT YOUR FEED BAG ON & GO BACK TO WORK!

Societies that have forgot the lessons of history and lose their moral compass predictably decay in a downward spiral plummeting to ever sinking lows. WE are at this crossroads of deception once again. Currently, it is about survival. Survival as a Species! The Science that has been unleashed on a Worldwide population unprepared for the likes of which have never seen or dealt with before, makes these times more challenging. WE have Basic Needs

FOOD

SHELTER

COMPANIONSHIP

are the three (3) "Basic Needs" that WE have as individuals in our journey to serve our creator. Please keep it simple folks. Most issues are used to divide US. WE need to at least agree that WE all need, FOOD, SHELTER, & COMPANIONSHIP. Come together over this alone. These Basic Needs are **NOT** being met in America any longer. This is a tragic disgrace and another indicator on who is being, "Served and Protected". Worldwide food shortages are reported. WE used to have 90 days of many supplies/foods in warehouses nationally. WE are down to 3 days stored . . . **PREPARE!**

If many of you feel like somehow, people in general are not treating each other with the same courtesies or sincere interest or respect that at one time people used to do. Well, you are correct. This is a part of the dehumanization of society in general. Billions of dollars are spent to get you to comply. Consent is required. This is truly one of our biggest threats WE face. Not knowing how important WE really are to one another.

Our Strength as a NATION comes from our UNITY!

FOOD

SHELTER

COMPANIONSHIP

As the eugenicist, Julian Huxley stated in the early 1900's, "We need to knock the chair out from under these people". As long as they believe their, "Rights" come from their GOD we won't have a chance to get them to submit to our one World concept.

At this time for the Record, even if you are not a, "Believer" the forces to be, follow rules and have been around for hundreds and hundreds of years. These, World leaders today are the prodigy of past dictators and tyrants, except with a scientific flare. It has been important to reduce US to animals. In **1971 during the Nixon administration** with the passage of the War on Drugs legislation the verbiage was slipped in. "**MAN OR OTHER ANIMALS**"

WE became animals!

The Little Man, behind the curtain has once again been exposed. WE are on to this latest **TRIGGER** used to stomp on the Civil Liberties of the Great People of this Country. It does not matter where you live on this ball of mud WE are not safe from hundreds of bogus, imposter laws that now cross over into U.N. Treaties an other international imposter laws.

"**Man or other Animals**", uses the same presumption that WE are livestock. Do YOU consent to this? A Police State, a National Prison System, & Homeland Security are based on this same verbiage or presumption; **Man Or Other Animals**.

Meet, **Alfred Adask** and his incredible legal effort.

Stand Up for whatever your values are. WE all are being TESTED daily. It is critical.

HUMAN-BEING IS A MONSTER?

4 pg pdf YOU ask anybody, "**Are YOU a HUMAN?**"
Most proudly proclaim YES to being a human
FIND OUT What, "**HUMAN**" REALLY MEANS?

EUGENICS
Just for You

WE have opportunities **NOT**, to consent and WE need too! Why do WE have choice?

WE ARE NOT & DO NOT CONSENT TO BE AN ANIMAL!

WE had Real Money. Now WE consent to the receipt of nothing and WE are happy.
WE had Common Law. Now WE consent to the administrative system and WE are happy.

The administrative legal system has designated US as ANIMALS;

Do YOU Consent to Being an Animal & ARE YOU HAPPY?

This is how little our professional politicians sincerely feel about the citizens of this Great Nation. WE are nothing more than something to continually harvest from. Our lives are for the sole interests of the state and or corporation, till death do US part!#?

PART 2 EXTRA MATERIAL

DEHUMANIZATION - A Genocide Tactic

<http://www.gcnlive.com/programs/powerHour/archives.php>

Click on **October 2011**, then on **October 03, 2011 (hour 3)**. The first ten minutes are from the second hour then the **interview with Mr. Alfred Adask**.

**Purpose of Government,
Protect and Maintain Individual Rights!**

Monday, **October 3rd**, at 9:00 AM on **The Power Hour**.

The subject of the interview was the “**man or other animals**” laws whereby the government expressly defined the American people to be “animals” rather than men and women made in God’s image (Genesis 1:26-28) endowed by their Creator with God-given, unalienable Rights (“Declaration of Independence”). This definition violates fundamental principles of the Bible and Declaration of Independence and constitutes an act of **genocide** against the American people.

I know these definitions exist in Texas and federal law, as well as five other States that I’ve investigated. I presume these “**man or other animals**” laws exist in all 50 States. I’ve had reports from England and Australia that their definitions of drugs also declared **man to be an “animal”**. It is likely that the presumption that mankind are nothing but “animals” is a cornerstone principle for big government and the, **New World Order**.

The concept of “**man or other animals**” laws is hard to follow over the radio. Therefore, so, as a convenience for today’s radio audience, I am publishing several links on this site **to the fundamental laws and documents I’ll discuss during the interview**.

If the listeners want to verify some of what I’ll be saying, they’ll be able to do so with relative ease from this site entry and list of articles and legal resources.

1. This first link is to a copy of the original paperwork (a freedom of religion defense) that I used when the Texas Attorney General sued me and six others for the “manufacture and distribution of a controlled substance” (colloidal silver). Each defendant was threatened with fines of \$25,000/day (\$9 million/year). After investing 6 years and nearly \$500,000 in the pre-trial investigation and hearings in our case, the Texas simply ceased prosecution efforts. I believe the reason the case was dropped is that the “**man or other animals**” law is so politically explosive that the gov-co couldn’t risk taking it to court. I.e., the “**war on drugs**” started by President Nixon in A.D. 1971 is based on a definition of the word “drug” that presumes the people to be animals. The war on drugs laid the foundation for much of the **modern police state**. The police state gave birth to the **prison-industrial complex**. Similarly, the **pharmaceutical industry**, the **medical establishment**, and the FDA’s regulation of raw milk and vitamins are all based in large measure on a definition of “drug” that presumes the people to be “animals”. All of these institutions (and billions of dollars) are based on a definition of “drug” that can’t withstand a challenge based on freedom or religion. If the “**man or other animals**” definitions are overturned in court, these various institutions will be badly debilitated and perhaps destroyed. The Texas Attorney General wasn’t willing to take that risk, so he dropped the case.

2. This second link explains why the “**man or other animals**” laws are acts of **genocide** perpetrated by the federal government against the American people.

3. This third link is to an article published at [Genocide Watch.org](http://GenocideWatch.org) titled the, **8 Stages of Genocide**. Note that “Stage 3” in this article is “dehumanization” and includes **declaring other people to be insects, vermin or “animals”**: <http://genocidewatch.org/aboutgenocide/8stagesofgenocide.html>

4. Here’s a link to the **A.D. 1906 Pure Food and Drug Act**. See Section 6 wherein the government defined

words “food” and “drugs” to apply to “**man or other animals**” and thus defines man to be an “animal”. The earliest instance we’ve found of government declaring the American people to be “animals”. **For over a century**, your government has regarded you, your spouse, children, parents and friends to be “animals”.
