**Government official in the State of Florida:**

It has come to the light of awareness in the hearts and minds and souls of We, The People that the corporations and cabals have come to influence and rule through our corrupted Federal, State, and Local governments. Inasmuch as all power comes from God through the conscience of the people, we know that the people hold the full power of the law. As it is stated in our Constitution that upholds the law of God, we are endowed by our Creator with certain unalienable rights, including the right to Life, Liberty, and the Pursuit of Happiness. All governments at every level derive their powers from the consent of the governed.

Any individual who has lawfully or unlawfully obtained a position of government are subject to the consent of the people under God's law. Since we have become aware that many have usurped the power of God by denying consent of the People, we are calling out each individual who has thus abused their position of power. We call attention to those who have received financial donations from corporations or other nefarious entities. We call attention to the activities of attempting to make laws or mandates that are against Life and detrimental to our health and well-being. We call attention to these same activities that limit our God-given freedoms. We also call attention to the abusive use of governmental positions that usurp our abilities to live in a clean and pure environment, freely growing food and making a living according to our gifts, skills, and talents as unique individuals.

We are now demanding a redress of all abusive infractions made against us. Your power to govern is rescinded if you do not act in accord with our demands.

- 1.) We demand that you remove all Dominion voting systems and perform forensic audits for each election. Start with the November 3, 2020 election and place those who were voted in to their rightful positions. We demand real voting technology that cannot be compromised such as the QRS delivery system. We demand voter integrity now. All those placed in positions by such corruption will be removed.
- 2.) We demand that you dissolve or clear out captured agencies that serve the profits of the corporations by installing their people by their revolving door methods of rotating their CEOs and other corporate minions. Oversight must be performed by separate entities with no conflicts of interest.
- 3.) You must be transparent and accountable regarding donations. All such financial transactions must be made public. Any attached agreements or perks received from corporations, NGOs, foundations, or other government agencies or politicians must be made public. If this is not done voluntarily, it will be done in a matter of course naturally.

- 4.) There must not be any false narratives pushed through the media on behalf of donors, corporate lobbyists, cabalist organizations, or foreign entities. You must redress the false narratives regarding elections and medical tyranny at once. You may not censor the truth about health options.
- 5.) You will protect our liberties to choose medical treatments that suit our individual knowledge and preferences. If we do not want COVID-19 vaccines, for example, because they compromise the human DNA with mRNA and HIV as well as other negative elements, due to the development of bio-weaponry such as gain of function, we have the absolute right to refuse them with no repercussions whatsoever. Abuse of power will cause your immediate ejection from office.
- 6.) Crimes against humanity have already been experienced, witnessed, and recorded as evidence in regard to the coercion of taking harmful injections through mass media, Federal, and State governmental influence. Any COVID-19 mandates are also considered crimes against humanity and are illegal according to our Constitution and the Nuremberg Code. We demand compensation to the individuals and families that have suffered vaccine injuries and death, and we demand that they be heard. Any and all individuals involved will be tried and convicted. There is no immunity. The laws that supposedly protect the pharmaceutical companies are null and void because the People do not consent to such absurd and illegal acts of lawmaking.
- 7.) You will respect our freedom to earn a living and you have no power whatsoever to restrict business in any way. The corporations that seek to influence and take over such freedoms will be called out and removed from our society. All UN, CCP, NATO or other foreign or corrupt bodies must be identified and removed immediately. We will not stand for the lack of morals, values, and integrity that they are trying to promote. They have no power over us.
- 8.) We demand that you protect our children. All vaccine schedules and mandates must be abolished immediately. The state has no power over the choices for our children. Parents are free to make such choices and must be informed thoroughly to make the most wise and healthy choices. All indoctrination within the educational system must end now. We demand that any influence to cause division cease and desist. We demand that any influence to corrupt the morals of our precious innocent children stop at once. These initiatives are from evil sources and the spirit of all women and men around the world are taking a stand against all harm proposed or enacted that damage the health or well-being of the children of our nation and of the world. There is no compromise when it comes to our children. They must be protected, and those who do not will be removed at once from their positions.

This is just the beginning. You can witness the fact that People are taking their power back around the world. We will do so peacefully and lawfully. There is might in right. There is power in Truth. We stand unified and firm. We will defend ourselves against tyranny. You will meet our demands or face justice for crimes that go against the people and God's laws.

We love all brothers and sisters throughout humanity. We promote Peace throughout the world. We support life and will not stand for any genocidal or immoral agendas that corrupt politicians or government official may pose as laws or mandates. They absolutely have NO power. The light of awareness is here. We stand in our own God-given power.

Take heed. You have been put on notice.

We, the People of the State of Florida
